Visionsplan

This document regulates the visions of the Chapter for Information- and Nano Technology (below referred to as the chapter). The document shall be updated annually by the board. The goals shall act as a guide for the chapter's work.

Members

- All students at KTH Kista are members in the chapter.
- All students at KTH Kista feel personally welcome and appreciated in the chapter.
- All students at KTH Kista benefit from the chapter.
- All students at KTH Kista have a sense of belonging to the chapter, THS, and KTH.
- All chapter members have a good time during their spare time when they are not studying. Nobody should sit at home and be involuntarily bored but there should always be a fun event they can attend.
- All chapter members know what the chapter does and is working towards.

Active members

- All of the chapter's trustees know what the previous year's trustees have done and what has yet to be done.
- All those who work for the chapter feel appreciated.
- The chapter has a good work environment for those who are active.
- All those who work for the chapter have a reasonable work load.
- The chapter is a place where students can realise their dreams.

Education

- All students at KTH Kista are satisfied with their education.
- All courses at KTH Kista have a course committee.
- The chapter and the ICT school have an open dialog and a working internal communication.

Externally

- All students feel welcome and well recieved in the chapter.
